WiseHooker® Clean-n-Flip Grill Tool

PATENTED

The Ultimate Grilling Tool

Top

Grate Gleaning

Bottom

Food Flipping

A quality innovation that makes grilling safer & easier than ever. Its unique design combines the functions of several tools in one! Does the job of a grate cleaning tool, grate removal tool, tong, fork and spatula. Cleans grill grates better, safer and cheaper than a metal brush. The WiseHooker uses a unique patented scraper blade design that surrounds and cleans the top, sides and underside of the grate with minimal effort. And with just a quick flip of the wrist, securely and quickly lift, turn, or hold: meat, vegetables, poultry, fish and more! Just insert the point of the turning hook into the food, rotate and lift. Lay food on it's other side. It's that fast. Keeps food clean, does not scrape up grill grit like a spatula or tongs. Long 18" length helps keep you from getting burned. Works for both right and left handed people. Made from surgical grade stainless steel. Crafted Ash hardwood handle. Limited lifetime warranty. Handcrafted in the USA. Measures 3"x2"x18".
